Commissioner Martin:

I will make this brief as I hope you get 1000's of these. Please help eliminate the crude violence on TV. Our children are influenced by what they SEE. It is just that simple. Parents cannot be with their kids 24-7!!!! Help our communities and our society by limiting the violence. As for me and my family, we rarely watch TV. We would love to be able to watch more movies but even to us adults, we do not need or want the violence, or for that matter the sexually explicit ones. We are very weary of that also!! !! Thank you!!

Commissioner Copps:

As a mother of 4 small children, I would like to voice my concern over the amount of violence on television during the hours children are watching. Whether it is dinner time or Saturday mornings, there is just too much violence!! I have found that if my children watch violence, they want to act out violence. When I eliminate violent shows, their violent behavior ceases. My children do not have any mental/emotional problems, nor are they being raised in a violent home/neighborhood, so there is no other explanation for their learned behavior than the television. Please encourage programmers to create more family friendly shows.

Sincerely,

Michaeline Dilworth

My household practices very controlling TV viewing if any at all. From Cartoons and Teen Show and so on, my children are guarded against any and all violent TV shows, and that includes shows like: Pokemon, Power Rangers, etc. My family watches very little to no TV because we find that the general overall messages received from the medium are opposed to my family's strong christian beliefs. Thank you so much for hearing from me on this regard.

Mr. Powell,

A local newspaper here in Phoenix indictes that you are soliciting public comment on the above subject, yet I don't see a section on your website devoted thereto.

Violence depicted by all available public media have a strong influence on both the simple morality and criminal nature of our young people who can view it so readily. Let's do what we can to clean up the media and save our young generation.

I am apalled at the violence and vulger programs that are on the television now. My family does not watch any of it except for when we are trapped via a commercial during the News. I do not like to think that we have to depend on Washington to take care of this sort of thing but so many children do have parents to look out for their well being. It seems that taking all of the violence that has taken place in the schools and else where the country would wake up to the fact that something is wrong. I know that the money factor must be the reason. SHAME ON US.
